THANK YOU FOR PARTICIPATION

Rules for filling in the Diary

1. It is kindly asked to fill in the diary on daily basis during two weeks.
2. The Diary should comprise the information on those commodities, which are used in the households only by household members. Those commodities, which are used in entrepreneurship or agricultural enterprises, should not be registered in the diary.
3. The information on the expenditures should concern all the members of the household.
4. All types of procured food products should be recorded in Table X.1 every day. In Table X.2 all types of the consumed food products only by household members shall be recorded, independent of the fact whether the goods were procured, produced in the farms or received free of charge. In Tables X.1 and X.2 all food products except eggs should be given in “kg” or “liters” (e.g. bread, fish, beverages, confectionery, etc). The measurement unit for eggs should be in “pieces”.
5. In Table X.3 the information on the consumption of food (type of meals eaten outside) in restaurants, cafes, and other public catering places should be included. Here you have to mention also the money given to pupil and students for lunch, estimate the cost of eating of children in kindergarten, also estimate the cost of free school feeding. If someone of h/h members treated his friends in restaurant, other public catering places (café, bistro), canteen or buffet, then, please write down in this section only personal expenses of member for dine, even if there were other persons, for whom he paid. If member of h/h was treated by friends or other non h/h members, please, put estimation of your feeding in drams in Section X3
6. The costs of all chargeable services and procured industrial goods should be mentioned in Table X.4, the quantity of tobacco should be mentioned in boxes.
7. The information on any non-food product or service received free of charge should be given in Table X.5, evaluating its cost.
- 8 Those types of the food products that are daily consumed in little quantities (salt, pepper, coffee, etc.) should be recorded by the end of the surveyed second week in table Z.1.
9. The list includes expenditures on ritual services should be recorded by the end of the surveyed second week in Table Z.2.
10. **For the Interviewer:** It is required to fill in the Table Z.3 by the end of the surveyed second week for the quantity of days that the members of the households were absent.
